Commissioner

An Equal Opportunity Employer

August 29, 2014

Dear DOT Employees:

The 2014 Connecticut State Employee Campaign for Charitable Giving (CSEC) has officially begun and runs through December 5, 2014. The Bureau of Policy and Planning is providing us with this year's Department Coordinators, Scott Schleicher and Laura Sweet, who look forward to working with all of you to ensure a successful campaign.

Connecticut's State Employees have always showed extreme generosity and compassion when it comes to those in need and those who are less fortunate rely more and more on charitable organizations to provide them with basic needs such as food, clothing, fuel and medical assistance. Last year our Department raised \$75,684.00 for the campaign through payroll deduction, one time contributions and all of our special events.

Scott, Laura and the other bureau representatives have planned special fundraising events in September, October and November. Please participate, enjoy and show your generosity. Please check the DOT Announcements folder for details. I'm counting on you to join me in giving your pledge through payroll deductions, a one-time gift, and participation in these fun and exciting events.

Remember, the CSEC is YOUR campaign, created for State employees and overseen by State employees. With your pledge, you may donate to the United Way or to any of the 700+ organizations in the 2013 CSEC booklet. Pledge cards are due by December 15, 2014. You can obtain information from [www.ct.gov/csec/](http://www.ct.gov/csec/) (click on donors), your bureau coordinator, or Email Scott Schleicher or Laura Sweet. Just remember, \$1.00 per pay period goes a long way in making a difference in the life of someone less fortunate.

Together, we can make this another SUCCESSFUL campaign to help those in need!

Sincerely,

James Redeker  
Commissioner
